

As the pockets are transparent, they can even be viewed on glass surfaces from both sides and are virtually invisible.

The pockets hold up to 5 sheets and can be used over and over again. If the adhesive action of the two adhesive strips, which are glue-free and based on nano-technology, wears off, simply remove, rinse with water, allow to dry and the pockets will be ready for use again.

Instructions TimeTEX notice insert pockets A4, Art. 10696

Simply peel off the protective films.

First position the notice insert pocket at the top or bottom by pressing on an adhesive strip.

Then insert the information sheet as far as it will go and fix the second adhesive strip in place, again by briefly rubbing it in place.

And it's ready! You can change the content as often as you like or reposition or remove the notice insert pocket.

Instructions for use:

1. In the case of uncoated or open-pored surfaces, "staining" may occur on the adhesive base. Please test first on an inconspicuous spot. We assume no liability for application errors.
2. Please remove the notice insert pockets from time to time. Please protect from direct sunlight!
